Cool Springs
 Unit 5 BallyMacken BP
 Carlow Rd., Portlaoise,
 Co. Laois
 Ireland

MODEL SO-702

Features

- Auto overheating controller.
- Adjustable thermostat that controls accurate temperature.
- Noiseless circuit in compressor.
- Simple and Stylish LED display.
- Stylish design.
- Hybrid coated steel repels rust.

Filtration

- Our filter removes undissolved particles such as dust, sand and rust from feed water and protects membrane filter from being clogged.
- Reduces Chlorine Taste and Odour.
- Reduces sediment down to 0.2 micron.
- Removes >99.99% of bacteria and Protozoane Cysts.
- Membrane filter is well suited to remove bacteria, clay particle, suspended metal hydroxides, colloidal silica, and other suspended materials, however, the containing minerals in water pass through UF-Membrane filter having a superior water purification capability.
- Bacteria Growth inhibitor incorporated.

Model

SO-702

Model	SO-702	
Weight	30kg	30kg
Rated Voltage	100,110~220V/50,60Hz	
Heating system	2.2 Liter capacity	
Cooling system	3.2 Liter capacity	
Water Storage tank	-	
Faucet type	Press	
Dimension	340mm(W) x 330mm(D) x 1000mm(H)
